

I urge the FCC to reject the NAB's petition 04-160! I also oppose HR 4026! Leave the satellite radio (like XM Radio) alone. I love being able to get local weather and traffic 24 hours a day, and not have to wait for the next half hour update on the normal radio. Satellite radio is fine just the way it is! Leave the airwaves free for XM Radio to provide the services the market supports.
